

FARMERS' MARKETS

Farmers' markets offer food shoppers a wide variety of fresh, locally grown fruits, vegetables, herbs and other farm-fresh items. Many markets also have eggs, honey, plants, flowers and hand-crafted items. Some have meats, dairy products, nuts, and other tasty foods.

Farmers' markets provide family farmers a reliable place to sell the fruits of their labor directly to the public.

Visit a Green Country farmers' market near your work or home, and get to know your local farmers.

EATING WITH THE SEASONS

Every crop has a season in which it grows and becomes ready for harvest. Some do well in cool temperatures and others need lots of heat. Fruits and vegetables are most flavorful when picked at or near their peak ripeness.

When shopping at an Oklahoma Grown farmers' market, expect to find an ever changing selection of fruits and vegetables over the course of the growing season. Experience the thrill of preparing and enjoying the rich bounty our grand land offers throughout the year.

Markets designated as OK Grown have committed to sell only produce raised in Oklahoma.  OK Grown farmers' markets in counties bordering neighboring states may allow some farmers from those states to sell their own produce. OK Grown markets in this Guide were recognized by the OK Dept. of Agriculture, Food and Forestry as of printing, 3/24/08.

PARTNERS

A special thanks to all our Buy Fresh Buy Local-Green Country partners:

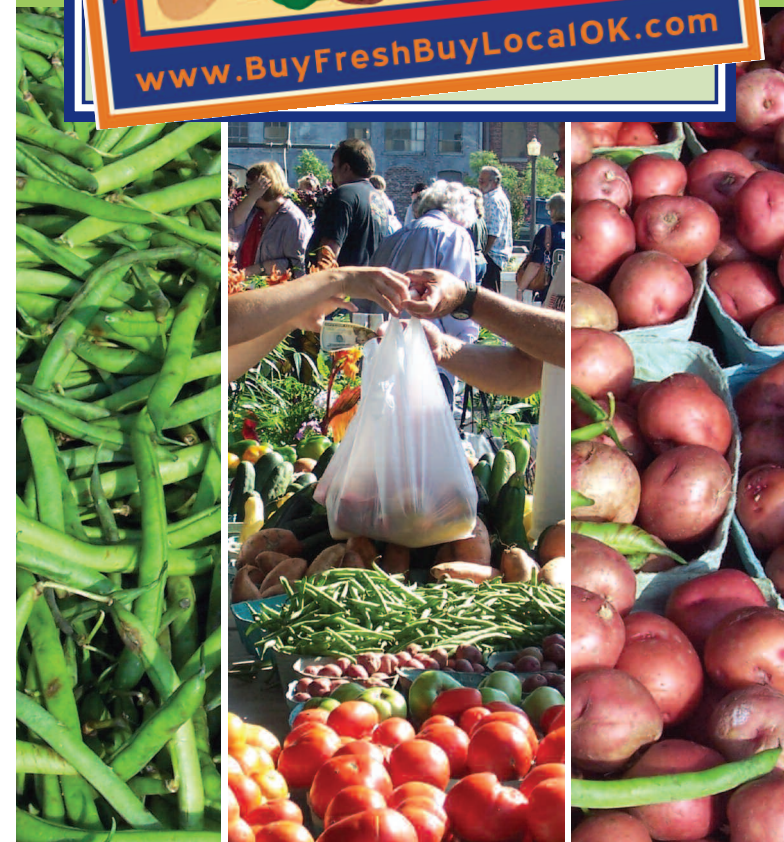

Buy Fresh Buy Local is a project of the Kerr Center for Sustainable Agriculture and the FoodRoutes Network, in partnership with the Oklahoma Sustainability Network (OSN). Sustainable Green Country (SGC) is a Tulsa-area Chapter of OSN and the coordinator of Buy Fresh Buy Local - Green Country. Tulsa County OSU Extension is a major partner working with SGC.
